

TABERC

Internship Information and Application Summer 2018

About TABERC

TABERC is a faculty consortium of all area institutions of higher education (OSU, OU, TU, ORU, TCC, Tulsa Tech, Rogers State, LU-Tulsa, and NSU) whose intent it is to provide bioscience education, training and research opportunities to students in the region, and to provide a forum for interested faculty, staff and students to exchange ideas and foster cross-disciplinary and cross-institutional collaborations.

Internship Goals

TABERC wishes to provide research opportunities for undergraduates who are interested in bioscience disciplines. The internship will begin with a mandatory orientation session. This training will complement a 160 hour laboratory experience (work schedule will be arranged with the hosting lab) at one of the TABERC institutions. The internship will begin in June 2018. Students selected for this competitive internship will receive a \$1000 stipend (pre-tax).

Qualifications

1. Students must be freshmen, sophomore, or junior status
2. Student must be currently enrolled in a TABERC participating institution in good standing
3. Accepted students must be eligible for employment in the U.S.
4. Selected students must attend mandatory orientation

Selection

A selection committee will review all applications and supporting documents and select students for this research experience based on need, eligibility, academic achievement, and interest in bioscience research. TABERC will not discriminate against any person on the grounds of race, color, religion, age, sex, disability, national origin, or status as a veteran.

Application

Students must provide the following in 1 PDF file:

1. Completed application form
2. Unofficial copy of your undergraduate transcript(s) – scanned to email.
3. "Letter of Intent" 1-2 pages describing interest in bioscience, future goals, and how the internship will help accomplish your goals. Please include why you would like to be selected for the program and describe any prior research experience that you have had. The statement will be used to match you with a mentor.
4. One letter of reference from a faculty member who knows you well and can address 1) your ability to succeed in this program and 2) how the program will benefit you. Letters should be mailed from the faculty member's work email account to julie-marino@ouhsc.edu.
5. The completed application and supporting documentation is due by **March 1st, 2018** to be eligible for the Summer 2018 research experience. Further questions can be directed to julie-marino@ouhsc.edu.
6. Please email all materials (except for reference letter) in **a single PDF** to (include TABERC summer research program 2018 and your first and last name in the subject line):

Julie Marino, Ph.D.

Julie-Marino@ouhsc.edu
